

Family Activity for Drawdown

Drawdown: Families Reduce Energy Footprint!

Go into the main rooms of your home and see how your family can reduce its energy footprint: Family Room, Kitchen, Laundry, Bedrooms. Identify things that you can do –add them to your Family Energy Reducer List. Check off other ideas from the list that you and your family can do to reduce.

Family Energy Reducer List

- ◇ Reduce your food waste
- ◇ Unplug electronics to avoid phantom power
- ◇ Use off peak times for energy use
- ◇ Close blinds
- ◇ Donate your gently used books, toys & clothes to charity
- ◇ Turn off the lights when they are not in use
- ◇ Look for the recycling symbol on packages when you shop and buy local
- ◇ Turn off the tap while brushing your teeth
- ◇ Bring a reusable lunch bag and water bottle to school
- ◇ Help plant a tree and watch it grow
